Fearful Riot, which was Begun by Radical

Negroes and their White Leaders. MORILE, August 6 .- Last night serious riot occurred here, beginning in an out door Radical meeting to celebrate the triumph of the Radical candidate for Congress in this district The meeting was large and composed exclusively of negroes except a few white leaders. During the whole of posterday rumors were circulated that the negroes were very much excited, defiant and threatening to burn the Democratic candidates for Congress in effigy. Several citizens called on the Mayor, and some of their leaders advised them that it would be better to postpone the meeting, for if the threatening to burn the enligy was carried out the whites could not be restrained from an attempt to resent the indignity by force. It was thought that these representations had had the desired effect, and that there would be no meeting. At flock in until they swelled into a crowd of 1900 or 1509.
